FURNITURE MAKES A HOME

[WWW.TRENDYPRODUCTS.CO.UK](http://WWW.TRENDYPRODUCTS.CO.UK)

*Trendy Products was born in 2007 when company owner Karen Bucceri, who had lived in Italy for over 10 years, though originally from South Wales, had established some great links with many leading modern Italian and European furniture manufacturers. She decided that there was an opportunity to bring a fantastic selection of modern and contemporary furniture suitable for every room in the home to online customers in the UK.*

Karen's passion for stylish, contemporary, modern furniture and her drive to develop a brand new online customer experience soon started to gather pace in the UK. Offering many products made to order and delivered straight to the customer's door Trendy Products quickly became a national supplier of some of the finest furniture manufacturers

from Italy, Spain, Germany, Portugal and UK. After celebrating 10 years online, and now currently working with over 50 brands and manufacturers from Europe and the UK. Trendy Products are now developing the business further by now opening the first in a new concept of digital showrooms in

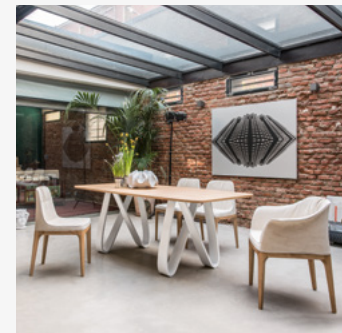

Cardiff, where customers can interact on a personal level with our sales team and navigate and shop online within the store. Catalogues and samples are available along with an added benefit of meeting our interior designer and sales team who can give expert advice and help in choosing the right furniture and products for your home.

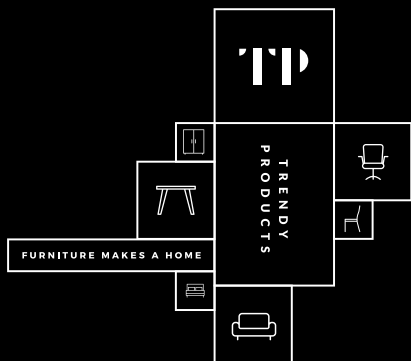

“

KAREN BUCCERI - OWNER TRENDY PRODUCTS

It's a great milestone for Trendy Products with the opening of the new digital showroom concept in Cardiff Bay, and we are not stopping there! We are also in the progress of continuing to improve the customer experience with more investments in improving the look and feel to our international website platforms. I'm proud to say that at the heart of our business is an international team of great furniture buyers, marketing experts, quality copywriters, orders administrators, passionate customer relation advisors and a qualified interior designer all supporting our mission of helping customers make the right choices. It's so important as we know **furniture makes a home.**
